Tech & Innovation

Mapping the Local Data, Tech and Innovation Ecosystem

Partner – Who are the players in the local data, tech and innovation ecosystem who can help accomplish the mission?

Align – How might data & technology *informed by local wisdom* align efforts across nonprofits, businesses, and local government?

Target & learn – How might local data and local intepretations of Federal data inform solutions and track outcomes?

PARTNERSHIP
FOR **PUBLIC SERVICE**

Agenda

Instructions – How to conduct civic tech environmental scan

10 min – Identify as many players in local ecosystem

Instructions – Hone in on a CHALLENGE and PITCH to bring together ecosystem players and assets

15 min – Identify challenge, refine research on players, and create pitch

1-minute pitch – 1-2 from each city

Place: *Orlando, FL*

Local Gov
-Chief Innovation Officer
-Police Department
-IT Department – new open data portal

Code Academies, Incubators & STEM Ed
*-IronYard Code Academy*
-Canvs Tech Startup co-working space

National Networks that Partner w Local Gov
-Police Data Initiative

Civic Tech & Data
-Code for Orlando (CfA Brigade)
-Big Mountain Data

Challenge: *Protecting victim privacy*

DOJ's Pitch: *Bring together city tech & innovation staff, uniformed officers, CfA Brigade, code academy, tech startups, and DVSA advocates for a "data dive" where they preview crime data to identify how open data could support advocacy while protecting victim privacy*

Orlando Police
DVSA Data Dive

Internet Research "Think Aloud"

Open data (Detroit, Long Island, Gary)

Tech Meetups (Gary)

STEM summer camp (Gary)

Makerspace (Youngstown)

GSA Properties(Long Island)

Instructions – Hone in on a CHALLENGE and PITCH to bring together ecosystem players and assets

15 min – Identify challenge, refine research on players, and create pitch

1-minute pitch – 1-2 from each city

Challenge

Access to resources like rec centers and daycare centers in a Promise Neighborhood in Philly.

Pitch

1) Identify federal and local data on locations of neighborhood resources, 2) Bring together Promise Neighborhood community leaders and technologists from Code for Philly, 3) They work together to visualize gaps.
